Special Meetings of Supervisors.

Some doubt having arisen in the minds of our citizens as to the law governing the calling of special meetings of the board of supervisors in the absence of the chairman, we quote the following law upon the subject, from the new Revised Statutes:

Section 41. Paragraph 908, Page 365, says: "The regular meetings of the board of supervisors shall be held at the county seats of their respective counties on the first Monday of April, July and October, and shall continue from time to time until all the business before them is disposed of. The board shall also meet on the second Monday after each general election to canvass election returns."

"Sec. 42. If at any time after the final adjournment of a regular meeting the business of the county shall require a meeting of the board, a special meeting of the same may be ordered by a majority of the board. The order shall be entered upon the records of the board and the clerk shall give at least five days' notice of such special meeting to any member of the board not joining in the order."

A New Year's Guide.

There is one book every one should make an effort to get for the new year. It contains simple and valuable hints concerning health, many amusing anecdotes, and much general information. We refer to Hostetter's Almanac, published by the Hostetter Co., Pittsburgh, Pa. It will prove valuable to any household. Sixty employees are kept at work on this valuable book. The issue for 1902 will be over eight millions, printed in the English, German, French, Norwegian, Swedish, Bohemian and Spanish languages. It contains proof of the efficacy of Hostetter's Stomach Bitters, the great remedy prepared by the publishers, and is worthy of careful preservation. The almanac may be obtained free of cost of any druggist or general dealer in the country.

COUGHS AND COLDS IN CHILDREN

Recommendations of a Well-Known Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, contracted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most non-professional. A universal panacea for all mankind.—Mary R. Melendy, M. D., Ph. D., Chicago, Ill. This remedy is for sale at Cotten's drug store.

Attempted Hold Up.

Monday evening between 6 and 7 one of the boldest attempts at robbery on record in this town occurred at the corner of Main and First streets. Constable Jake Meadows was standing directly opposite, across the street, when he saw one man strike another, knocking him flat on the sidewalk. The officer hurriedly crossed the street and found the man bleeding profusely from an ugly cut in the head, and apparently unconscious. Other parties came up and cared for the wounded man while Constable Meadows went in search of the thug. The latter, had run up the street and mingled with the crowd attracted by the Salvation Army in front of Darling's jewelry store. As it was quite dark the officer was unable to pick out the man, but Johnny Balsz, who had seen the fellow running up the street, pointed him out and Meadows arrested him and lodged him in jail.

The man assaulted was John Ruiz, a miner from Gold Rock. The fellow who slugged him gives his name as Henry Conner. The miner says that Conner asked him for money, and when refused, menacingly demanded money; upon a flat refusal from Ruiz, Conner knocked him down. His evident intention was to rob the prostrate miner, but seeing Meadows coming toward him, ran away.

Judge Reiff yesterday gave Conner sixty days on the chain gang for assault.

A Million Voices

Could hardly express the thanks of Homer Hall of West Point, Iowa. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. It's positively guaranteed for coughs, colds and lung troubles. Price 50c and \$1.00. Trial bottles free at Cotten's drug store."

When L. C. Hughes was governor of Arizona he recommended in his report to the secretary of the interior that the better way of taking care of the Indians would be to break up the tribal relations and allot their lands to them in severalty. The recommendations of President Roosevelt in his message are along the same lines with regard to the Indians, and are a strong endorsement of Governor Hughes' ideas.

Saved at Grave's Brink.

"I knew I would long ago have been in my grave," writes Mrs. S. H. Newsum, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of indigestion, waterbrash, stomach and bowel dyspepsia. But this excellent medicine did me a world of good.
